

Digital Wound Care for AdvancedMD Providers

The Swift solution **integrates with the AdvancedMD EHR** for seamless workflows and data exchange **to save clinicians time**. With over 62M assessments completed, our AI-powered digital wound care solution helps providers prevent, manage and heal even the most complex wounds.

The Discrete Integration Workflow

- 1 AdvancedMD wound visits **automatically sync** to Swift
- 2 Select a visit to **begin an evaluation** in Swift Skin & Wound
- 3 Evaluation **data and images populate** in AdvancedMD's patient notes

The Swift Wound Care Management Solution

- **Swift Skin & Wound™**: Clinical workflows to improve the consistency, accuracy and ease of documentation for **79% faster assessments**.¹
- **Swift Portal**: Centralized dashboards and reports for program optimizations to drive **up to 6x ROI**.²
- **Swift Academy**: On-demand onboarding and educational materials to train team members in **less than 3 hours**.
- **Swift Ray™**: Portable, over-the-lens device to capture **thermal / bacterial imaging**.
